

Grassi's Italian Practice is the business partner your U.S. or Italian company needs to operate successfully in both countries. Our highly experienced tax and accounting professionals offer business structuring and operational advice, cross-border transaction support, international and domestic tax planning strategies, and guidance on securing funding and managing your cashflow.

With offices in Rome, Milan and New York City, Grassi is uniquely positioned to provide a global perspective while maintaining a keen focus on your unique business needs and goals. Whether entering, expanding in or exiting the U.S. or Italian marketplace, our knowledge of both business landscapes can help you achieve your objectives at every stage.

Services include:

- Business advisory
- Mergers and acquisitions
- International tax planning
- U.S. federal and state tax compliance
- Tax credits and incentives
- Accounting services
- SOX consulting
- Financial audits
- International business analysis
- Access to the international capital market
- Foreign direct investment assistance
- Technology consulting
- Transfer pricing analysis and reports
